Barcelona

A future-oriented residential centre for the homeless

Hort de la Vila 2.0 is an initiative that seeks to transform and modernise the homeless support system. It consists of a **complete architectural makeover** in response to a new care model - Individual rooms will be transformed into small flats with access to common areas. It aspires to have a **systemic impact in Barcelona and Catalonia** and could become a **reference model for deinstitutionalisation strategies and public policies** in the field of homelessness in Spain.

Expected impacts

- 1. Improvements in the people supported:** increased confidence, self-reliance and engagement.
- 2. Improvements in professional practice:** in the management of support services.
- 3. Improvements in social policies:** it offers a **reference model**.
- 4. Improvements in the general and community environment:** climate justice and solidarity.
- 5. Improved positioning of the Order of Saint John of God:** improved positioning in the social sphere.

Objectives

- Transform and modernise the homeless support system.
- Foster the application of a comprehensive, community-based, person-centred support model.
- Improve environmental sustainability.
- Promote the social and community economy.
- Promote knowledge and innovation as a resource for continuous improvement in the provision of care and support.

People supported

- People who are homeless.
- Aged 18 and over.
- With socio-educational needs.
- With a background of many years of social exclusion.
- With long-term support needs.

San Juan de Dios in Serveis Socials Barcelona

Sant Joan de Déu Serveis Socials was founded in Barcelona in 1979. Our organisation creates opportunities so that homeless individuals and families can live with dignity, with the commitment to support them in all areas of life, in accordance with the Order's mission and the charisma of Saint John of God, to help build a fairer society.
